International Development Week

February 7 – 13, 2021

WHEREAS International Development Week raises awareness of Canada's contributions to international cooperation while encouraging Canadians to be active, global citizens committed to achieving universal, sustainable development.

The City of Toronto recognizes the many Canadian organizations and individuals actively working towards universal sustainable development, as mentioned in the United Nations' 2030 Agenda and the Sustainable Development Goals (SDGs) that Canada has adopted since 2015.

TransformTO, Toronto's ambitious climate action strategy approved by Toronto City Council, lays out a set of long-term, low-carbon goals and strategies to reduce local greenhouse gas emissions and improve our health, grow our economy, and improve social equity.

A leader in addressing climate change domestically and internationally, the City of Toronto is a member of C40 Cities, which connects 96 world cities to take bold climate action, leading the way toward a healthier and more sustainable future.

NOW THEREFORE, I, Mayor John Tory, on behalf of Toronto City Council, do hereby proclaim February 7 – 13, 2021 as "International Development Week" in the City of Toronto.
