## Questions

1. Why are you interested in partnering with OCIC on 'Tapestry 2030' Season 2, and how does this initiative align with your organizational or institutional goals in the short and medium-term? (150-250 words)
2. Are you seeking to
  - (A) produce a podcast in collaboration with your partners, with modest financial support and mentorship from OCIC, OR
  - (B) have OCIC lead in the production of your podcast, as a part of our Global Citizens Forum 2022 and ongoing engagement and learning activities.
3. If you answered (A), please briefly describe your experience with/capacity to produce a podcast. (e.g., Have you produced a podcast before? Did you participate in OCIC's recent Podcast Training Series, or another training? Will you require mentorship?) (150-200 words)
4. What topic would you like to explore and how might you take a story-telling approach to this topic to align with the series' theme ? (150-200 words)
5. Briefly describe the type of work undertaken between your organization and your proposed partner(s). (e.g., How long have you been working together and in what ways? What is the basis of your partnership?) (150-250 words)
6. How will participating in 'Tapestry 2030' Season 2 develop or further your public engagement practise (with your partner(s), OCIC, and/or other initiative partners)? (150-250 words)
7. What technical and other support(s) might you and/or your partner(s) require? (e.g., local travel for partners to appropriate venues for recording, microphones or other necessary recording items, interpretation, honorarium, etc.)? (150-200 words)
8. Please outline a proposed realistic timeline of when your organization could undertake your podcast, including pre and post-production (between January and April 2022), if selected. (150-200 words)
9. Is there anything else you would like to share with us, for consideration? (150-200 words)
  - I have discussed and have the full support of my organization/institution senior leadership and understand that if selected I will be asked to enter into a partnership agreement with OCIC.
